### **Unexpected Athens Orientation Tour (4hr)**

A fascinating walk to the heart and soul of Athens.

Explore a very old modern city and see how it evolved into one of Europe's most interesting urban spaces.

See Athens the way Athenians see it, beautiful and yet often messy!

- See five different neighborhoods, ranging from working-class havens to boutique boulevards.
- Learn how Athens transformed from a small town into a modern city, all in the shadow of its ancient glory
- Uncover hidden spots with stories to tell
- Stop for coffee in a secret courtyard right in the middle of one of the city's busiest spots
- Catch up with what the city's doing now – its street art, its new hotspots, its creative scene

This is a tour of the true heart and soul of Athens. It's a tour of its people, its habits – old and new, its everyday life and its secrets.

During this walk, you will witness some of Athens' greatest contrasts: From the Old Royal Palace and the city's posh areas, where the rich and famous have always settled, to the hotbed of rebellious young thinkers, that has been associated with forward-thinking and social experimentation, where students gather to argue the issues of the day.

You'll see buildings of amazing architecture, that reflect the vision of modern Athens as a successor to the glory that was Ancient Athens, as well as architecture that represents the Modernist and inter-war movements. As you are slowly discovering the city you will learn that there are many secrets that lie beneath the surface and that the past is always just a few steps from the present...

You'll also get a chance to explore some gentrified neighborhoods that are devoted to small businesses, but now they're all interspersed with trendy eateries and funky little bars. This is where you can see some of the city's best street art, come across a new jewelry designer, or shop for vintage clothing at one of the retro boutiques.

And as modernity coexists with tradition, you'll find out how the Ottoman past is still alive in Athens' flea market, one of the liveliest neighborhoods of the city, where the old and the new generations still meet today.

By the end of our tour, we hope that you'll have seen the true soul of Athens and its people, a city with a thousand stories still standing, as it has since ancient times, right on the border between the East and the West.

## Places you will visit

### Athens

2 nights

Monastiraki Square and Sunset over Plaka

Feel the echoes of 3,000 years of history as you explore the streets of **Athens** under the gaze of the **Acropolis** and its iconic **Parthenon**. The modern city wraps around the Acropolis hill, along with imprints left by Byzantine, Ottoman, and neoclassical influences. Whether you're touring some of Europe's greatest ancient monuments, walking alongside a guide through the trendy modern streets of **Koukaki**, **Pangrati**, or **Keramikos** and sampling the mosaic of food and drink along the way, or relaxing in the quietude of gorgeous green spaces like the **National Garden**, there's always something to delight you.

Previous kimkim travelers have found their own ways to interpret the city on photo tours with professional photographers. Other tour options are sure to delight the smaller members of your traveling party: a Painting the Parthenon experience with a professional artist, for example, or doing an Olympic Games workout at the **Panathenaic Stadium**, the world's only 100% marble stadium.

Just outside the city, do not miss the coastline of the up-and-coming **Athenian Riviera**, taking a dip in saltwater **Lake Vouliagmeni**, and watching the sunset over the impressive **Temple of Poseidon** on **Cape Sounion** at the tip of the **Attica Peninsula**.

Suggested things to do:

- Visit the Acropolis at sunset to avoid the crowds and take in the views during the golden hour.
- Stroll down from the Acropolis to the **National Observatory** in the early evening, where the telescope is open to the public three times a week.
- Ride the funicular up to the top of **Lycabettus** hill for panoramic views, then take a walk back down through the park to the posh neighborhood of **Kolonaki** for some quality cafe time.
- Attend a concert or play at the **Odeon of Herodes Atticus**, the ancient theater right beneath the Acropolis.
- Wind your way through the flea market of **Monastiraki** and all the artisan shops in the neighborhood of **Psyrri**, where you'll find handmade sandals, jewelry, pottery, and other unique souvenirs.

# Mykonos

2 nights

*The Hilltop Windmills of Mykonos*

Known for its jetsetting reputation and signature windmills, **Mykonos**, with its nightclubs and the fetching blue-and-white buildings of the **Little Venice** neighborhood, is among the most famous of the Greek islands, and has the crowds to match. This Cycladic island is a cosmopolitan spot, with plentiful clubs, restaurants, and designer shops. Visitors can tour either the hotspots of the main town or head inland to see what Mykonos was like before modern tourism. Another fascinating nearby escape is to the ancient island of **Delos** awaits, the birthplace of twin deities Apollo and Artemis in Greek mythology and a seriously impressive archaeological site.

Kimkim travelers can sail to the uninhabited island of **Rhenia** to swim in the clear waters without the crowds. Alternatively, an inland hike will take you to hidden corners of Mykonos such as lonely **Armenistis Lighthouse**, as well as a visit to an off-the-beaten-track organic farm with delicious wines and local products to sample.

Suggested things to do:

- Reserve a seat at one of the island's buzzy beach clubs and spend the day on your sunbed.
- Seek out a quieter beach like the gorgeous **Kalo Livadi**, set on the east side of Mykonos. Though pebbly, it's much quieter than the party beaches, and a great choice if you hope to swim, as the water is almost always warm and calm.
- Experience the island culinary scene at one of the many excellent dining establishments, like **Niko's Taverna**.
- Take a late afternoon walk through **Mykonos Town** to catch the golden hour lighting over popular photo spots like the **windmills** and **Little Venice**. Stop in the shops in search of handmade jewelry and artwork.

# Paros

2 nights

**Paros** is one of the most popular island destinations in Greece for family trips thanks to its wide range of accommodations and activities and its quintessential 'Greek Island' look, where pretty blue-and-white houses and steep, narrow cobbled streets in the villages and towns are never far from a fantastic stretch of beach. Even better, its lacy coastline creates multiple inlets and coves that mean you'll be able to find a peaceful bay somewhere no matter which way the wind is blowing. Neighboring **Antiparos** is also well worth a day trip via boat, and the many beaches here mean that you will have no problem finding either a sunbed, kitesurfing or windsurfing rental or whatever beachside activity takes your fancy.

Away from the sandy coastline, follow previous kimkim travelers on hikes through ancient marble quarries or along the **Byzantine Path** to the island's inner villages. A tour through an organic farm will let you sample local produce alongside beautiful bay views, or take a trip to the **Environmental & Cultural Park of Paros** at the northern tip of the island, where you'll find a museum, walking paths to wonderful beaches, and more.

Suggested things to do:

- Take a dip at the famous **Paros** or **Kolymbithres** beaches or find your own isolated spot at somewhere like **Lolantonis** cove.
- If you're visiting in August, the three-day **Routes in Marpissa** festival will envelop you in traditional music and art.
- Stroll through the picturesque fishing village of **Naoussa**. Sample some of the freshest catches for dinner or linger over a glass of *ouzo* while the fishermen clean their nets, then visit the boutiques for handmade clothes and souvenirs.
- Lift the lid on Paros' arts and crafts traditions with a look around the wonderful little **Cycladic Folklore Art Museum**
- Enjoy a seafood dinner at a taverna in **Alyki**.

# Santorini

3 nights

You may feel like you've already seen **Santorini** and its postcard-perfect white cliffside houses, but "wish you were here" pales in comparison to visiting in person, even with the crowds that regularly flood off the ferries and cruise ships. The island got its distinctive crescent shape due to a volcanic eruption thousands of years ago that spread ash as far afield as Egypt and is partially responsible for inspiring legends of Atlantis, the legendary lost continent. Today, you can **hike along the caldera rim**, crossing through all five towns and getting some of the best views along the way, or see the caldera coastline by hopping aboard a **catamaran cruise** that will take you down around the caldera and its volcanic hot springs. Relax on some truly remarkable beaches, many of which get vivid red or black colors from the island's volcanic activity, or taste the island's flavors through vintages like fruity white *Assyrtiko* and sweet red *Vinsanto*. Whatever you decide to do, cap it all watching one or 101 of the island's famously fabulous sunsets, so stunning you can never tire of them.

Get an insider's perspective with kimkim experiences like a guided visit to **Akrotiri**, the prehistoric city that was buried under volcanic ash for 3,000 years, or a tour of an **anhydrous farm** to learn how residents grow Santorini's famous little tomatoes, fava beans, and other specialties—without using water! Then, follow a guide on a tour from the island's pretty sunset-watching hotspot at **Oia** all the way to Santorini's lesser-known medieval settlements such as **Pyrgos**.

Suggested things to do:

- Lounge on the island's volcanic beaches that come in black, red, or white sand to suit any preference.
- Visit the archaeological site of ancient **Thera**, perched cliffside to protect its inhabitants from pirate invasions.
- Have an early dinner at a fish tavern in the small port of **Ammoudi**. The red rocks along the coast here are shown off at their fiery best at sunset.
- Dodge the crowds at the beautiful caldera rim village of **Oia** by visiting early in the morning or later into the evening once the sunset-spotters have receded.
- View sunset from the one of many vantage points along the caldera: **Akrotiri Lighthouse** is a good spot to avoid the crowds at Oia but just what place has the best angle changes every month.
